How to use

Introduce of how to use MUTANT using MUTANT version3.0.2.

[Page switching tab]

- MY CONTENTS :** Manage the sounds that are added to MUTANT.
- BOOKMARK :** Manage the Bookmarked sounds.
- SONICWIRE.COM :** If you click Search FX, Search BGM, Search Pack and (Currently this page is under construction), Sound List will be switched to sound distribution site SONICWIRE.

[Search Sound]

Search Sound by keywords that are contained within Sample Name, User Memo, User Tag , and etc. By entering an applicable Keyword in the textbox and click "Magnifying Glass" button, only the corresponding sounds are displayed in the Sound List.

[Folder List Operation Button]

Manipulate the Directory or Folder within the Folder List (displayed folder tree located in the bottom left corner of MUTANT screen)

-  **Add New Directory :** Add a directory that contains the sounds you want to manage on Mutant to the list of "My Content". Can be added by drag and drop.
- Rightclick the Directory within the Folder List and select "Remove Directory" from the popup menu
-  **Create Folder :** Create a new folder under the selected Directory or Folder. Change the file name as necessary.
-  **Delete Folder :** Delete the selected folder. Beware that the deleted folders are completely erased from the hard disc.
-  **Property :** Display the last update date and the number or capacity of sounds within the selected Directory or Folder.

[Sound List Operation Button]

Operate the sounds within the Sound List (sound list on the right part of MUTANT) or the display style of the list.

-  **Bookmark :** Bookmark the selected sounds.
-  **Property :** Display the property screen of the selected sounds.
-  **Delete Files :** Put the selected files into the Trash Can. (At this point, sound files are not deleted from the HardDisc)
-  **Display Column :** Display the "Column" tab of the display setting screen. Please see "Setting" Screen of "Setting" menu > "Column" Tab about how to do the setting of "Column".
-  **Time Bar :** Control the display switch of the light blue colored Time Bar "Display" / "Hide" that shows the length of the sound visually.
-  **Waveform :** Control the display switch of the Waveform "Display" / "Hide".

[Sound List]

File Name	For...	Time	Sam...	S...	Tempo	Key	Waves
PHS_128_Abm_BassLoop_001.wav	.wav	0:07	44100	24	120	G#	
PHS_128_Abm_BassLoop_002.wav	.wav	0:07	44100	24	120	G#	
PHS_128_Abm_BassLoop_003.wav	.wav	0:07	44100	24	120	G#
